

## WHAT'S NEXT

After this PIC, the following will be carried out:

1. Respond to comments/questions received.
2. Confirm study findings to-date based on comments received.
3. Meet with stakeholders regarding refinements of alignment.
4. Refine the Technically Preferred Route and examine concept design alternatives.
5. Analyze, evaluate and determine a preferred concept design.
6. Determine potential impacts of preferred concept design, and propose mitigation measures.
7. Prepare for the next PIC (tentatively scheduled for Winter 2009).

**Thank you for attending!**

**Please feel free to ask any questions and fill out a comment sheet before you leave.**

**Additional project information, including copies of the material presented today, will be available online at [www.427corridor.com](http://www.427corridor.com).**

## PLEASE COMPLETE A COMMENT SHEET

Would you like to be included on the study mailing list? Do you have any questions or comments regarding the study? Please let us know your thoughts by completing a Comment Sheet.

Completed sheets can either be dropped in the boxes on the tables or submitted by mail, fax or email to any of the following Project Team members:

**Mike Bricks, MCIP, RPP**

Consultant EA Co-ordinator  
Ecoplans Limited  
2655 North Sheridan Way  
Mississauga, ON L5K 2P8

**Please provide all comments by June 13, 2008**

Comments and information regarding this study are being collected to assist the Ministry of Transportation (MTO) in meeting the requirements of the Provincial *Environmental Assessment Act*. This material will be maintained on file for use during the study and may be included in study documentation. With the exception of personal information all comments will become part of the public record.
